The Queen Street Tunnel closure this spring is the perfect reason to get back on your bike!

With three route options catering for all abilities, **Glasgow Bike Station** (in partnership with **ScotRail** and **Cycling Scotland**) presents a comprehensive programme of 'Led Rides' all led by qualified and experienced ride leaders.

Route 1: Mainly on cycle paths, this route is the slowest of the three, allow around 35-40 minutes.

Route 2: Following residential roads, allow 30 minutes for this mid pace route.

Route 3: Allow 25 minutes for this faster ride, all on busy roads.

- Notes:
1. Centre line of path is as indicated on General Arrangement Plans.
 2. Soft and woody vegetation to be cleared 2 metres from edges of path and 3.5 m above path surface. No works to specimen trees other than as directed by approved arboriculturalist.
 3. All cleared vegetation to be chipped and spread locally on site. Larger timber to be supplied to land owner if required or stacked into habitat piles on site.
 4. Excavation to level existing track to be kept to a minimum. Arisings to be temporarily stored for subsequent use as support to edges of path. Excess spoil to be spread locally on site.
 5. Finished surface to be laid to 2.5% cross fall/camber, to be free draining, free of undulations and /or steps and should not pond or hold water.
 6. This drawing to be read in conjunction with all other drawings.
 7. Asphalt to BS EN 13108-1

- Note:
- 1 All dimensions are in Metres unless noted otherwise. (UNO)
 - 2 Existing services to be identified Prior to construction.
