The paradox  
"We know very much about good habitat for Siberian tigers and mountain gorillas, but only very little about good urban habitat for homo sapiens."  
Enrique Salas, Mayor of Bogota, Columbia

Commuter cycling

Cycling to school and leisure

Recreational cycling

Campaigns

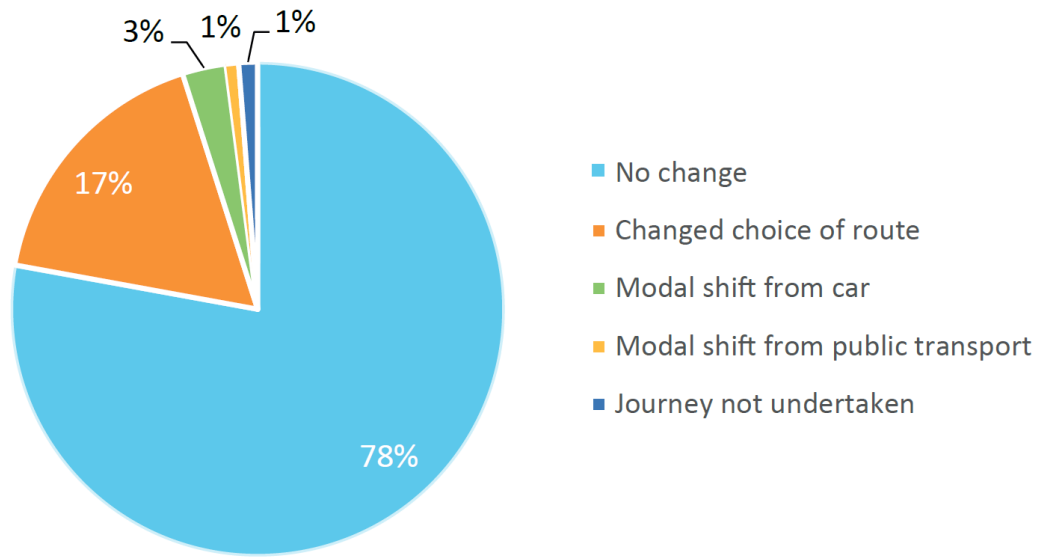

Development and demonstration projects

	Km new cycle track	Number of cyclists AADT before	Number of cyclists AADT after
Total	112	19.536	24.252
Average per track	1,9	331	411

59 projects counted before and after  
 112 km bicycle tracks  
 24 % increase in bicycle traffic

### Three data sources:

1. The subsidy recipients' own evaluation reports of each of the **161 projects**
2. Questionnaire survey of the subsidy recipients
3. Stop interviews about eight Cycling Fund projects conducted on bicycle tracks

## Total investments as a result of the Cycling Fund 2009-2014

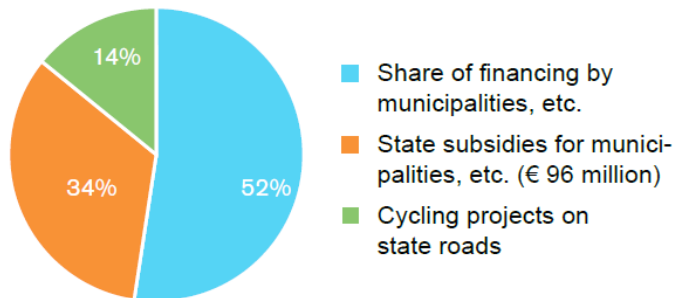

Figure 1. The circle chart shows the total investments made by the Cycling Fund by type of finance.

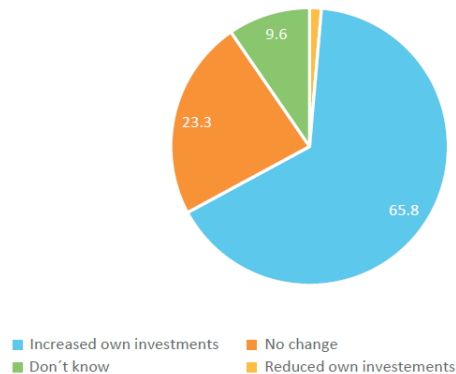

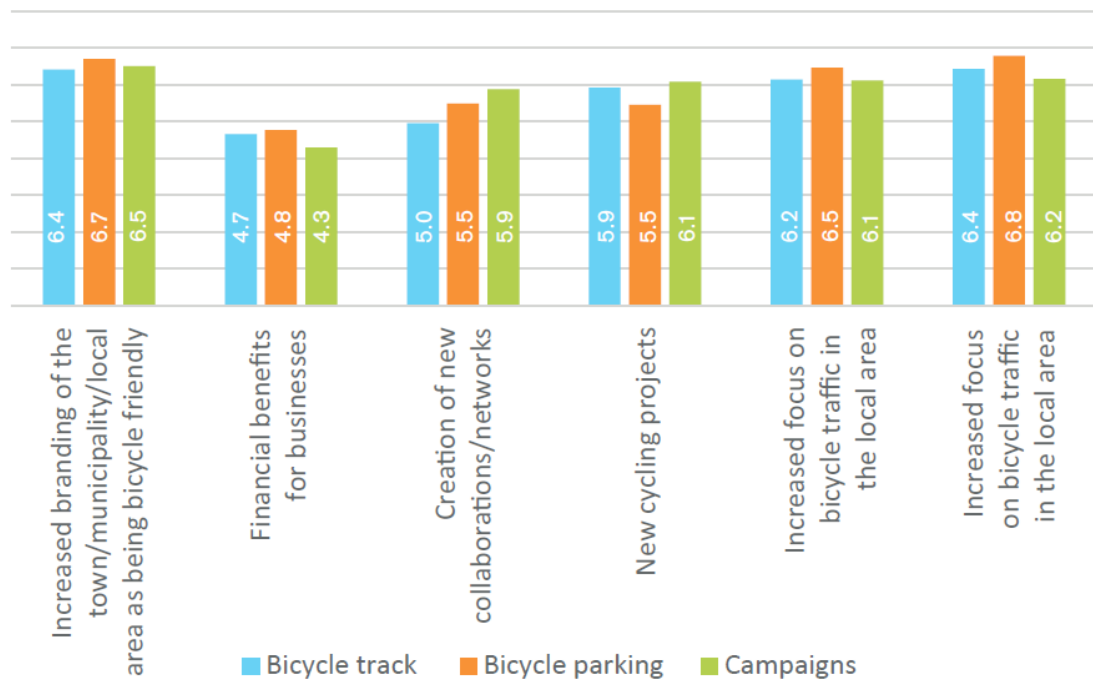

Figure 15. The subsidy recipients' estimation of the influence the Cycling Fund has had on their own investments in cycling solutions.

Thank you  
for your  
attention!
